

Just in time for Spring Cleaning!! Horsefaire is excited to introduce our brand new line of refreshing bath fizzies. Send those heavy blankets to the cleaners and drop a fizzle in a bucket of warm water for your dog and horse, and one into a luxurious bath for yourself, and magically wash winter away!

Our all natural, dermatologist reviewed recipe is perfect for pets with sensitive skin. Silken the mane and tail, calms the mind and body. We offer three different therapeutic treasures.

- ❁ ***Waltz of the Flowers:*** Our signature fragrance of lavender, peppermint, and grapefruit topped with spring flowers.
- ❁ ***Tibetan Butter Tea:*** Pure Himalayan pink rock salt and goat milk with a vanilla scent. Immensely comforting.
- ❁ ***Citronella Grapefruit:*** Combined with fast acting citronella to form a fragrant protective barrier against flies and other summertime airborne pests.

Ingredients: sodium bicarbonate, citric acid, french green clay, apricot kernel oil, Jojoba oil, pure essential oils.

Directions for use: For dogs and horses, drop 1 fizzle to a bucket of warm water. Using sea sponge recommended, sponge over entire body until glossy soft and clean.
